Coulisse presents exclusive design clips for panel blinds. The magnetic panel clips are available in three wood varieties and in three aluminium varieties, perfectly suiting all different kind of styles. The clips are attached to the sides of the panels by means of powerful magnets, which make them suitable for nearly all types of fabric. The panels can now be moved by holding the clips, ensuring the fabrics to stay clean. Furthermore the clips give the panels an extra designer touch. A sample presentation will be available coming November.
